Dr. William F. Beck
Times Building
Portland, Oregon

Dear Dr. Beck:

The Multnomah County Medical Society has received information which appears to indicate that the contract practice engaged in by you in connection with the C. H. Weston Company is conducted in a manner which is in violation of the Principles of Medical Ethics of the American Medical Association.

It is felt that an investigation of this matter should be made, for the good of all concerned.

At a meeting of the Board of Censors to be held in the auditorium of the Medical-Dental Building on the 2nd day of November, 1936, at 7:30 o'clock P.M., the Board will make an investigation of this matter. This letter is to give you notice of the meeting and an opportunity to be heard.

No formal charges have been preferred. The investigation at this meeting will be informal and will be conducted in accordance with Section 7 of Chapter I of the By Laws of the Society which reads as follows:

> Conciliation. Kindly efforts in the interest of peace, conciliation or reformation, so far as possible or expedient, shall precede the filing of formal charges affecting the character or standing of a member, and it shall be the duty of the Board of Censors to promote this end by making a preliminary examination into the merits of the case, and the accused shall be given opportunity to be heard in his own defense, in all trials and proceedings of this nature.

Your cooperation in the discussion of your contract practice will do a great deal to clear up any possible misconception concerning its nature and effect.

Very truly yours,
